Display your Support for the Nation of Israel!

Today Israel is under attack in many ways. Even in America, political and economic measures - including boycotts, disinvestment and sanctions - are being used to weaken Israel's economy and it's security.

Your proud and brave display of the decal shown above is an open showing of support for Israel in her hour of great need. Show your support for our strategic and cultural bond of friendship with this unique decal display.

These temporary, non-adhesive static cling decals can be displayed **inside** a window at your church...at home... at work... or in your vehicle. These decals will not leave any adhesive residue when removed. This decal is **not visible** on dark tinted windows.
